

SCIENTIFIC PRINCIPLES IN DOING DATING RIGHT

WHAT'S IN IT FOR ME WHY SHOULD I TAKE THIS PROGRAM

- Learn what the scientific Principles tell us about dating practices
- Identify behaviors that will help develop a lasting committed relationship
- Reduce the likelihood of separation or divorce even before you say "I DO"
- Help others who are dating to do it right
- Change behaviors now so that you can last "till death do us part"

LEARNING OUTCOMES DOING DATING RIGHT PROGRAM

Competency 1 List the science dealing with cohabitation

Competency 2 Describe the science dealing with contraception

Competency 3 Describe the science dealing with pre-marital sex

Competency 4 Describe the science with exclusivity.

Competency 5 Identify does and don'ts and when to do and don't when dating using Maslow's hierarchy of needs and Dr. Van Epp's Relationship Attachment Model
